Brain Tumor
Association®

Providing and pursuing answers®

The many friends of Jim Vassar wish to remember him by organizing an event in the game he loved. This will be the seventh annual Jim Vassar Memorial Golf Tournament.

Golf was Jim's first experience with a non-contact sport and it took awhile for him to adjust to the collegiality and gentlemanly nature of the game. As always, he prevailed and grew to enjoy the pursuit of par. So, what better way to recall his good nature, sportsmanship and love of the outdoors than to tee it up over some cold brews in his memory.
